

Request for Proposal

Date of release Monday, September 19, 2022

Deadline for proposal submission October 7, 2022 by 3:00 pm

West Muskingum Local Schools is requesting a proposal for for the following security enhancement areas

1. Access Control Doors for identified critical areas to protect sensitive high risk areas that house critical infrastructure from unauthorized access or tampering.
 - a. Note: Total of 8 doors
2. Access Control Doors for external doors to the remaining buildings regularly used by students and to give local law enforcement access with existing key fobs.
 - a. Note: Total of 5 doors
 - b. Note: Provide timer mechanism to keep doors unlocked for a set period of time.
3. Entry Control Equipment to allow for video and intercom capabilities to identify visitors in addition to confirming panic alarms are on emergency power.
 - a. Note: Total of 4 locations
4. Access Control Software Updates/Maintenance

Notes:

- All security enhancements must be compatible with current Access Control System (RS2)
- Prevailing wages are required in proposal along with proof of compliance
- Breakout each area (1-4) as its own project and provide itemized pricing where possible
- Provide information when projects can be completed and the duration of installation
- Provide information about the availability of equipment required to complete projects
